

## AVIATION WRITES STILL ANOTHER CHAPTER IN THRILLING TALE OF BATTLE WITH ELEMENTS

Commander of Round-the-world fliers succeeds in  
Reaching Alaska After Hazardous Flight  
in Blinding Snow Storm.

Chitlenk, Alaska, April 26.—After one of the most thrilling experiences in the history of aviation, in which man and machine successfully battled the furies of the elements, Major Frederick L. Martin, commander of the American round-the-world flight, succeeded in reaching here safely in his flagship plane "Seattle."

The flight from Kanakak here was made in a blinding snow-storm against a stiff southeast gale.

Major Martin has been marooned at Kanakak, a little Standard Oil exploration camp, north of Portage Bay, for more than a week. He was forced down in Portage Bay while enroute from Seward to Chitlenk by a leaky crank case and forced to await at Kanakak after his rescue by the destroyer Hull, the arrival of a new engine from Dutch Harbor.

With the new engines arrival, the weather turned bad. Kanakak became the center of a cyclone of winds. Day after day went by without a sign of "flying weather." Yesterday Major Martin determined to make the start and arising at three a.m., found the tide insufficient to float the big air cruiser from its retreat in Kanakak Creek to the outer bay.

With the entire community as his aides a drag was constructed and by 12:30 through the use of a Standard Oil tractor a cut had been made in the bar sufficiently deep to pull the plane through. When Major Martin arose, the day was calm but by 11 o'clock southeast wind had sprung up and by the time the plane was towed into the bay, it was so rough as to endanger the cruiser and her occupants.

However, there was no turning back as the receding tide made it impossible to tow the plane back into the shelter of the creek.

A blinding snowstorm followed in the wake of the wind and at 1:15 when the plane rose and headed for Chitlenk, it was almost impossible to see the shore line.

The storm continued during the entire flight to Chitlenk. At Kumlik Bay, Major Martin made a landing to escape the fury of the snowstorm and to check his position. This landing was made at 4:45 and the plane remained on the surface of the water until 5:15, when it again rose and headed into the storm for Chitlenk which was reached at 5:50.

Major Martin and his mechanic plainly showed the terrible strain which they had undergone on the flight when they landed.

During the entire flight we were forced to follow the shore line at a maximum altitude of 400 feet. Major Martin said, "The storms between Kanakak and here were a terrible strain to the plane and personnel and we consider ourselves lucky to have escaped disaster."

Major Martin will fly from here to Dutch Harbor at the earliest possible moment and join the three other planes in the globe circling flight there.

"We are mighty anxious to get under way again," he declared. "The

## SEEK NEW TRIAL ON THAW'S SANITY IN PHILADELPHIA

Philadelphia, Pa. April 26.—William A. Gray, counsel for Evelyn Nesbit, divorced wife of Harry K. Thaw, filed a motion for a new trial to determine Thaw's sanity here this morning.

Miss Nesbit and Attorney Gray recanted their differences at a meeting in the lawyer's office here yesterday afternoon after she had explained her recent criticism of the lawyer's conduct of the Thaw trial.

"We had some differences over the way the case was presented," Miss Nesbit explained. "I felt Thaw should have been cross-examined, but that is fast. If we have the chance to examine him again, we will not let the opportunity slip."

"The Thaw case will be properly fought this time. Mr. Gray accepted the case on short notice and I feel he was not familiar with the Thaw methods."

A rigid cross examination of Harry Thaw will be the basis for a new trial, Miss Nesbit declared.

## INVESTIGATION OF CHARGE IS URGED

Columbus, O., April 26.—State Welfare Director Harper today has under consideration a request by Attorney General Crabbe that an investigation be made at the various institutions under the state welfare department, to determine how extensive is the alleged practice of "persons in authority" accused of cashing checks of employees of state institutions and deducting money from the pay of employees.

The attorney general stated Chief Clerk J. W. Bauersachs, state instruction for feeble minded, declared that, due to illness which prevented them from working for a few days, checks of employees at that institution were cashed and part of their pay deducted.

## BALLOON NEARLY SETS NEW PACE IN TEXAS MEET

W. T. Van Orman Comes  
Within 99 Miles of Dis-  
tance Mark.

San Antonio, Texas, April 26.—W. T. Van Orman, came within ninety-nine miles of setting a new American balloon distance record, when he pulled his rip cord and landed on the Great Western railroad track, two miles north of Rochester, Minn., yesterday, race officials here declared today.

Van Orman is unofficially winner of the 1924 national balloon classic with 1,073 miles to his credit. The American distance record of 1,172.9 miles was set by Alvin R. Hawley in a flight from St. Louis in 1914.

Van Orman barely won over Captain Honeywell, piloting "the Kansas City," who landed at Sanborn Minn., with an airless distance of 1,050 miles to his credit.

Major Norman Peek, army aviator, landed at St. Ansgar, Iowa, with a distance record of 1,036 miles while Herbert Von Thaden, in the "Detroit," reported in from Dubuque, Iowa, with 1,008 miles.

Van Orman was in the air a little over 43 hours. His average speed was 24 3/4 miles an hour for his total air time.

## PREMIER POINCARÉ SAYS FRANCE WILL HOLD RUHR AREA

Paris, April 26.—While Premier Poincaré announced complete acceptance of the Dawes plan as the basis of a reparation settlement, he informed the Inter-allied Reparations Commission today that France would refuse to surrender Ruhr and Rhineland guarantees until the experts reparation plan is effective and in operation.

England, Belgium and Italy have already pledged their support to enforcement of the Dawes plan, it was officially announced. President Coolidge's support of the plan in his New York speech makes it unanimous. Germany has already accepted the experts recommendation.

Then a month has brought the allied experts committee, within less powers into co-operation upon the reparation problem, a task which baffled the greatest statesmen of Europe for nearly five years.

## HOLD HIGH SCHOOL ENTRANCE EXAMS. IN GREENE COUNTY

High school entrance examinations were held for eighth grade pupils of two Greene County township schools, Friday afternoon.

Eighteen students took the test in Caesar Creek Township under the supervision of H. C. Aultman, county superintendent of schools, with the assistance of Harley Hollingsworth, and Mrs. Mildred Mendenhall. The students were Helen Smith, Josephine Conklin, Rowena McKay, Leona Haines, Iona Paulkner, Marjorie St. John, Elsie McDuffard, Corrine St. John, Helen Jones, Zora Jones, Lucille Paulkner, Agnes Copsey, Virgil Jenkins, Leon Weaver, Elmer Colvin, Hazel Thomas, Mildred Fawley, Martha Conklin.

Twenty-six students successfully passed the examination given in Caesar Creek Township, by Superintendent D. H. Barnes, assisted by Effie Conley, and Professor Stevens, of Burlington schools. They were: Marie Gangwer, Frances Grooms, Kathleen Riff, Mildred Hunt, Elouise Miller, Leona Smith, Reva Smith, Velma Smith, Leona Stiles, Paul Spittler, Harless Thornton, Lawrence Vandeman; New Burlington grammar school: Hazel Griffiths, Georgia Miller, Bessie Ford, Lawrence Beam, Chester Brandeburg; McPherson school, Howard Bennings; Elbert Manor, Harold Manor; McKnight school, Hazel Smith; Richmond School, William Beam; Clear Springs, Ruth Emma Holland, Homer Hurley, Corrine Murphy, Eva Michael. A few entrants for the examination, failed to pass the test.

## EXCURSION BOAT AND TWO OTHER VESSELS TOTALLY DESTROYED IN SPECTACULAR FIRE

New York, April 26.—The excursion boat Grand Republic and two other vessels were totally destroyed in a spectacular fire early today which attracted 22,000 persons to the shore of the Hudson river off 157th street. Thirty employees of the McAlister Steamboat Company, which owned the vessels, were asleep in the Grand

## ACCIDENT PUTS END TO CAREER

Above: DR. SCHACHT  
Below: KARL HELFFERICH

Karl Helfferich, world-famous German financier and leader of the German Nationalist party, with his mother, was killed in the fatal train wreck near Bollinsona, Switzerland. It was rumored that Dr. Schacht, president of the German Reichbank and the leading financial authority in Germany, also was killed.

## BONUS EXPLAINED BY SENATOR FESS TO OHIO VETERANS

Washington, April 26.—Senator Simeon D. Fess, one of the leading advocates of the paid-up insurance plan for a soldiers' bonus, is mailing to Ohio World War veterans copies of a letter, in which he explains this measure as passed by both the Senate and House.

"I was glad to support this proposal," his letter says, "because it is an act of justice to the service men, and at the same time permits needed tax reduction."

In outlining the provisions of the bill and explaining their application, the letter continues:

"This measure, which would not become effective until May 1, 1925, defines war service as that rendered any time after May 5, 1917, and before November 12, 1918. It provides for paid-up twenty-year life insurance.

"The policy is based upon length of service at \$1 a day for home service and \$1.25 a day for foreign service. The maximum credit for the former is \$500 and the latter \$625. The average length of service was 332 days which will make the average policy in twenty years \$962. In case the soldier dies his dependents would receive the full amount of the insurance.

"The face value of the insurance certificate would be the amount in dollars of a twenty-year endowment which could be purchased with the service credit plus 25 per cent with interest at 4 per cent, compounded annually, in accordance with the actuarial principles based on the American experience table of mortality.

"Those whose service credit is less than \$50 may receive the amount in cash as soon as practicable after the act becomes effective. The director of the United States Veterans' Bureau is directed as soon as practicable after enactment of the act to prepare and distribute a digest and full information concerning the provisions of the act."

## REPORT IS DENIED

Rome, April 26.—A report from London that Italy had agreed to support occupation of the Ruhr was semi-officially denied today.

## FATALLY INJURED

Cleveland, O., April 26.—Struck by another auto, while he was repairing a tire on his own machine, early today, Alfred Schuler, 21, is near death in a hospital here.

## AL SMITH MAY HEAD TAMMANY HALL IN EAST

Place on Ticket Also Con-  
sidered Entirely  
Probable.

New York, April 26.—Tammany dried its eyes today and with one accord looked in the direction of Governor Al Smith. Either Smith will win a place on the ticket that the Madison Square Garden convention will nominate eight weeks hence, or he will succeed to the leadership of Tammany now made vacant by the death of Charles F. Murphy.

On this there was almost unanimity of opinion in Tammany headquarters today. The death of Murphy, on the eve of the Democratic national convention and at a time when he probably was more powerful than at any time in his nearly a quarter of a century of leadership has made Governor Smith unquestionably the outstanding figure in New York Democracy. If he fails of nomination next June he will be the unanimous choice to fill Murphy's shoes in the opinion of Tammany's lieutenants.

Meanwhile it appeared probable today that Tammany's affairs will be directed until after the convention by a committee, perhaps a triumvirate of the men upon whose judgment Murphy was wont to rely—"Tom" Foley, Peter J. Dooley and Frank J. Goodwin. Leadership in the fight to place Smith on the ticket at the national convention probably will devolve by common consent upon Norman E. Mack, the veteran upstate leader and upon George E. Brennan of Illinois upon whose support Murphy funeral services for the dead leader will be held Monday in St. Patrick's. Despite the desire of his friends and relatives for a quiet funeral, it is probable that it will be one of the most notable in New York history.

Governor Smith will lead the "braves of Tammany" in mourning. It had been hoped that Cardinal Hayes would reach New York in time to preside but this appeared impossible today.

The new cardinal sent a radio message to Mrs. Murphy from the Levitan in mid-evening, saying:

"The city of New York has lost a great friend."

## CHILD LABOR AMENDMENT WILL PASS BY CLOSE VOTE IS BELIEF

Washington, April 26.—The child labor constitutional amendment is expected to pass the house today but the vote is close and the final minutes of debate may decide the issue.

Arguments against the resolution most frequently raised are that it may drive the farmer's boy from his father's fields, and the newsboys from their occupations. These arguments are being pondered by the congressmen carefully because such a result of them.

Congressman Foster, Republican of Ohio, leader in the fight for passage of the resolution, scoffed at such an outcome of ratification of the amendment. He said no one had the slightest idea of preventing boys and girls of 13 years or under from working on ordinary farms, although admitting that in years to come farming operations may be intensified and conditions arise where a check on child labor on the farm might be necessary.

Legislation for enforcement of the amendment was the thing to fear and not the amendment declared Congressman Tague, Democrat, Massachusetts, in announcing his opposition.

"No one dreamed when we voted for the prohibition amendment that congress would declare a beverage with more than one half of one per cent alcohol an intoxicant, he said, and that was done and congress has been sustained in the face of its unreasonable."

Tague expressed the sentiment of many congressmen who are not opposed to the amendment as such, but shy at enforcement laws.

## TYPEWRITER RUN BY RADIO USED TO DELIVER NEWS

New York, April 26.—Publishers and editors from all over the country attending the annual convention of the American Newspaper Publishers' Association here yesterday were discussing with amazement the most modern method of news transmission without wires—the radio typewriter.

This unique machine is known as the International News Service high speed automatic radio printing system, and is being demonstrated by its inventors and M. Koenigsberg, president of the International News Service.

The first public demonstration of the device was made in a room at the Waldorf Astoria Hotel, where operated in daylight, from a sixty foot reception aerial outside a window, it took words from the air at the rate of sixty-five a minute, with an accuracy which W. G. H. Finch, one of the inventors, set at 99 1/2 per cent.

## FATHER TO HANG SLAYER OF HIS SON

W. H. Grosh, of Miami, Ariz., has been given permission to spring the trap that will hang William B. Ward, the negro slayer of Grosh's son, Theodore Wilbur Grosh, sophomore of the University of Arizona. Grosh's son was murdered at a lonely spot on the Apache Trail, near Miami, by the negro, who assaulted his girl companion and left her to dead. Recovering, she identified her assailant. Ward will be hanged by Grosh in the State Penitentiary on June 20.

## LIGHT VOTE EXPECTED AT PRIMARY ELECTION IN OHIO ON TUESDAY

Cleveland, April 26.—With victory conceded to the supporters of President Coolidge in the Republican primary and with supporters of former Governor James M. Cox, claiming certain success, in the state at large and

all the congressional districts in the Democratic primary, the Ohio presidential primary campaign of 1924 was drawing to a close today.

In a last minute appeal, in the hope of defeating former Attorney General Harry M. Daugherty, Coolidge candidate for delegate at large, supporters of Senator Hiram Johnson were appealing to voters to "center their fire" on the former cabinet officer by plunking their protest ballots for State Senator George H. Bender, Ohio manager of the Johnson forces, while conceding that success of the Coolidge ticket in the man was certain.

An extremely light vote was anticipated in both primaries in contrast with past primaries which at times have brought out tremendous votes.

Republicans elect seven delegates at large and forty-four district delegates, two each from each congressional district, while in the Democratic primaries eight delegates at large, each having one half a vote and forty district delegates will be chosen.

Senator Johnson, winding up five days of campaigning in the state, at Toledo, last night, served notice upon his party that while he had "no illusions" as to the result, he would fight to the last ditch against control of his party and the government by "corrupt big business" and would do all in his power to "smash the alliance between corrupt politicians and corrupt business."

Polls throughout the state will open at 5:30 a. m. central standard time and close at 5:30 p. m. Tuesday. Friends of Senator Bender are counting upon his popularity in Cuyahoga County, to give him a commanding lead over Daugherty but the supporters of the former attorney general were no less determined to give him a "vindication" by rolling up a big vote for him.

Toledo, O., April 27.—Senator Hiram Johnson concluded his Ohio presidential campaign here last night by making a bitter attack on the Coolidge administration, the Mellon tax plan, foreign policies and the naval oil leases.

Johnson lauded Harry M. Daugherty for his stand in praising former President Harding and claimed he has "no patience" with the other cabinet members who smiled on Harding while he was alive, but since his death "have been throwing bricks at him."

Before leaving for Washington, after his speech, Johnson said he would not drop the Indiana campaign but unless something important developed, he would not be able to make any speeches in that state.

## SUPERINTENDENT OF SCHOOLS IN WAYNE COUNTY IS KILLED

Wooster, O., April 26.—G. U. Baumgardner, 55, superintendent of the Wayne County Schools for ten years, was instantly killed this morning when a B. and O. train hit his Ford coupe at a Creston crossing, thirteen miles north of here.

Baumgardner was known as the builder of the Wayne County school system, a developer of spelling contests and athletics.

Identification was possible through his checkbook, found in his pocket.

## TAKE OVER COAL FIELDS

London, April 26.—The London Daily News announced that a party of Italian officials had arrived at Dortmund to take over administration of the coal fields in the northern part of the Ruhr basin. The Daily News said that this was the first time Italy had taken an active part in Ruhr occupation.

## WILL DELIVER KEYNOTE TALK IN CLEVELAND

Selection of Permanent  
Chairman Will Be Made  
During Meeting.

Washington, April 26.—Representative Theodore E. Burton of Ohio, was selected today by President Calvin Coolidge and his campaign managers, to serve as temporary chairman of the Republican national convention in Cleveland in June.

Burton will deliver the "keynote" address to the convention, thus sounding to the Republican delegates assembled from all parts of the country, the fundamental points upon which the party will direct its campaign to elect Mr. Coolidge to the presidency.

The selection was made at the White House at a conference between the president, John T. Adams, chairman of the Republican national committee and David W. Mulvane, chairman of the sub-committee on arrangements for the convention.

This sub-committee which meets in Cleveland next Wednesday has among its chief tasks the duty of naming the temporary chairman of the convention and it will make short work of ratifying the president's choice of Congressman Burton, Mulvane said.

The selection of the permanent chairman will be decided by the convention itself, but it is not expected that Burton will hold both posts.

In conference here during the past few days on convention arrangements, the name of Secretary Hughes had been prominently mentioned for the temporary chairmanship.

President Coolidge himself favored Hughes, but it was finally decided it would be better to name the Republican "keynote" from the Middle West and it possible from the state in which the convention is held.

Representative Burton has held a commanding position in the councils of the Republican party for more than thirty years. He has always been considered "regular" from the organizational standpoint, and he is a skilled orator, fully capable of delivering an old fashioned Republican campaign speech to start this off at Cleveland, which is his home town.

A lawyer by profession, Burton first served as a member of the House of Representatives in 1888 and from 1909 until 1915 he was a member of the United States Senate from Ohio, returning to the lower house in 1920.

Burton is now a member of the American debt funding commission having been appointed by the late President Harding, and, as an indication of the admiration in which he is held by President Coolidge he was offered the navy portfolio upon the retirement of Secretary Denby.

President Coolidge also discussed the permanent chairmanship of the Cleveland convention with his advisors today but expressed no preference. Among the names mentioned for this post were Senator James W. Wadsworth of New York and former Governor Frank O. Lowden of Illinois.

As to the Republican candidate for vice president the president was said to be willing to have the decision made on the floor of the convention in a free for all fight with the hope that the candidate comes from the Middle West.

Cleveland, Ohio, April 26.—"That's fine," Colonel Carl A. Thompson, associate manager of the pre-convention campaign of President Coolidge said today when told by International News Service that Representative Theodore Burton had been selected as temporary chairman of the Republican national convention in June.

## ENGINE CREW IS EFFICIENT ON JOB

Marquette, Mich., April 26.—Henry Ford is learning to drive a locomotive, Harvey Firestone, millionaire tire manufacturer, is acting as fireman, while Thomas Edison encourages them when they return from the engine cab of the Ford special train touring the Upper Peninsula of Michigan on an inspection tour of the Detroit manufacturer's properties.

Mr. Ford has taken his new job with the avidity of a youngster, according to the trainmen with the party, and can handle the engine efficiently. Firestone, they said is a fireman.

Edison is taking his annual outing with the Fords.

## A WANT AD HIT IS NEVER AMISS

And there was nothing amiss with the affairs of Xenia Fertilizer Company when they ran a Gazette-Republican "Help wanted" ad which made quite a hit with a large number of good men.

The ad called for a truck driver, and officials of The Xenia Fertilizer Company state they are much pleased with results. They selected one man from those who applied.

Gazette-Republican ads usually make a hit—and there is nothing amiss in the affairs of those who use them.

When You Want Help or need any thing at all, call and a Gazette-Republican ad.

Phone your own.

Our ad-maker makes this easy for you to do by sitting close to the receiving end of it.

## MANY OHIO CITIES GO ON FAST TIME SUNDAY APRIL 27

Offices of The Hoover and Allison Company will go on the annual daylight saving time schedule starting Monday.

Office employees on this plan go to work one-half hour earlier in morning and quit work half hour earlier in evening. Under this system the office employees begin their day at 7:30 o'clock in the morning, take an hour for luncheon from 11:30 to 12:30 o'clock and leave the office at 4:30 o'clock in the afternoon.

There will be no change in the time of operations at the mills, although officials have indicated that they would be willing to place the mills on the same schedule if employees there are in favor of the plan. No vote among employees on the subject has been taken. The daylight saving plan at the offices has been in effect since the city-wide daylight saving movement was blocked here two years ago.

Xenians are reminded that practically all cities in this section of the state change to daylight saving time Sunday, Columbus, which has been moved into the eastern time zone, changed its time several weeks ago but Cincinnati, Dayton, Springfield, Urbana, Piqua, Yellow Springs and other municipalities that have adopted faster time in the progressive movement that has swept this section of the country will move their clocks up an hour Sunday.

Xenians are reminded of the change in order to avoid confusion in inter-city communication. They are advised that people in these cities will be in their offices and places of business an hour earlier and will leave an hour earlier than in Xenia. Long distance telephone messages during the summer time often arouse Xenians from their slumbers or if directed from Xenia in the afternoon, find that the party in the other city has left his employment for the day.

Xenians attending Dayton or Springfield theaters also find the difference in time confusing, for it is necessary for them to start for Dayton an hour earlier.

## CHIEF FIGURES IN THE NEWS OF THE DAY.

Above: IRVINE L. LENROOT, EDWARD F. LADD, HERBERT HOOVER  
Below: EDWARD A. RUMLEY, WILLIAM T. TILDEN, GUGLIELMO MARCONI

Because of ill health, U. S. Senator Irvine L. Lenroot, Republican, of Wisconsin, has resigned as chairman of the Public Lands Committee, investigating oil leases, and has been succeeded by U. S. Senator E. F. Ladd, Republican, from North Dakota. Secretary of Commerce Herbert Hoover, before the House Merchant Marine Committee, urged rigid Federal regulation to prevent monopoly of radio, particularly in the distribution of broadcast material. Guglielmo Marconi, noted Italian inventor of radio, spoke in London to broadcast listeners in the United States. President Coolidge has refused a pardon to Dr. Edward A. Rumley, purchaser, before the United States entered the World War, of the New York Mail, who was convicted of violating the Trading with the Enemy Act for failing to report details of the transaction, the Government alleging the money came from the Imperial German Government. William T. Tilden, world's champion tennis player, has been automatically barred from representing America in the Olympic games because he is a newspaper writer.

## XENIA TELEPHONE TEAM DEFEATED IN CONTEST FRIDAY

The Springfield Construction team and the Springfield plant team were winners in the annual District First Aid Contest of The Ohio Bell Telephone Company, held at the I. O. O. F. Hall in Springfield Friday night.

The Springfield plant team defeated the Xenia plant team in the contests but the Springfield Construction team that defeated the Dayton Construction team is really a local team since it works out of the Xenia plant. The Springfield Construction team scored 97.2 per cent to the 96 per cent scored by the Dayton team. The Springfield plant team registered a percentage of 95.6 over the percentage of 88.3 by the Xenia plant team.

Three of eight problems in the list were used in the contest, the Xenia team registering perfect on two of them, and falling down on the third.

The Springfield Construction team working in this area which defeated the Dayton team was made up of Homer Francis, captain, John L. Stevens, Ezra Beckman, Wallace Jones and Glen Brown. The Xenia plant team was composed of Thomas J. Corrigan, captain; Carey West, Chester L. Rapa, Clarence P. Sharpe and Kenneth E. Witham.

The contests are conducted in co-operation with the American Red Cross, and serve to keep employees of the company adept at handling first aid injury cases or using artificial respiration methods in cases of electrocution. The winning teams will go to Columbus about May 15 to represent this district in the division contests at Memorial Hall when about sixteen teams will be present.

Fourteen judges had charge of the contests Friday night and the program also included an exhibition by

a Springfield girls' team. The contests were followed by dancing for which music was furnished by Billy Neer's orchestra. Neer, although totally blind is in charge of the exchange at South Solon.

Officials present at the contests were J. W. Cherry, division plant superintendent; S. Dubois, division construction superintendent; C. L. Whitaker, division supervisor of supplies, and J. J. McCarty, division safety instructor all of Columbus. About 1,500 people watched the contests.

## TO PERMIT GAMBLING

Rome, April 26—The cabinet today decided to permit gambling at all seaside tourist resorts, where keepers pay a \$43,500 tax.

## SENTENCED TO DEATH

Leningrad, April 26—Seven alleged Finnish spies were sentenced to death here today and five others were sentenced to imprisonment. They were accused of espionage by the soviet authorities.

New York, April 26—Further progress toward recovery was made in the abbreviated session on the stock exchange today. Trading in general was quiet but steady, gains ranging from a fraction to over one point.

Oils gave an excellent account of themselves Pacific 60/1 rose 3-8 to 50 1-4, Hoston 1 point to 66 1-2. Steels although quiet, showed good fractional gains but railroad shares were neglected but held fairly steady. Norfolk and Western lost 1-2 to 121 1-2. Equipments, sugars, shipping, motors and industrials showed consistent strength.

## FINAL PROGRAM OF LOCAL SCHOOLS CELEBRATION GIVEN

The large audience that marked the first program in observance of "Know Your Schools Week" at the Jean B. Edlward Auditorium, Thursday night, was repeated Friday night, when an entirely different program was presented.

Students of Central first grade, McKinley second grade, Junior and Senior High Schools took part in the exercises, which were well received by the large group of patrons, parents and pupils.

Two playlets, "The Fairy Book," and "The Silver Sandals" were presented, the balance of the program consisting of musical numbers.

## ACCEPT TILDEN'S RESIGNATION AS MEMBER OF TEAM

New York, April 26—The Davis cup committee of the United States Lawn Tennis association today accepted the resignation of William T. Tilden, as a member of the Olympic and Davis cup teams.

The announcement was made today in the publication of a letter to Tilden from Julian S. Merriek, chairman of the Davis cup committee, which accepted the tennis star's recently proffered resignation as a member of the two teams.

TWO KILLED, SCORE HURT  
London, April 26—Two persons were killed and twenty-five injured when a steam train filled with passengers bound for a football game, collided with an electric train in a tunnel near Fuston Station today.

## MISSING DAYTON SURGEON LOCATED IN CINCINNATI, O

Cincinnati, April 26—Colonel C. P. Grover, chief surgeon of the National Military Home at Dayton, who had been missing since Tuesday, when he left his home in Dayton presumably to go to a Turkish bathhouse, was located yesterday when in the Hotel Sinton, Cincinnati.

Colonel Grover was in a highly nervous state, it is said, and gave no explanation of his absence. He returned home late yesterday with Mrs. Grover and a physician, who came to Cincinnati when notified that he had been found.

Colonel Grover was located as the result of an investigation which followed the report of James Barr, Treasurer of the John Van Range Company, that he had cashed a \$50 check for him Tuesday, the day Grover disappeared from Dayton. At that time Grover, who went to the Van store in a taxicab, was bleeding about the face and explained that he had been hit by a foul ball when attending the baseball game. On leaving Barr, Grover is said to have told him he was staying at the Hotel Sinton.

## ARE ADVISED THAT AUTO CLUB MERGER HAS BEEN EFFECTED

Officials of the Greene County Automobile Club have been advised that the proposed consolidation of the National Motorists Association and the American Automobile Association was effected at a committee meeting in Columbus Friday.

The new organization perfected by the merger will be known as the New American Automobile Association. National officers for the new body will be elected and the new constitution and by-laws will be adopted at the annual meeting to be held in Detroit May 9 and 10.

The National Motorists Association was the result of a split in the ranks of the American Automobile Association some time ago. Each organization retained strength in different sections of the country, but the merger, with its combined membership, will make a much stronger organization to fight the battles of motorists.

All clubs affiliated with either organization in the past will automatically become affiliated with the new organization. Xenia officers are advising members and prospective members that the consolidation will mean that local club members will enjoy benefits from the membership now any place in the country, whereas formerly their accruing benefits in cases of traveling were limited to the clubs controlled by the National Motorists Association.

## SHIPPING BOARD WISHES IGNORED

Washington, April 26.—Disregarding the wishes of the United States Shipping Board, the house merchant marine committee today voted to report a bill suspending until May 1, 1925, the establishment of preferential railroad freight rates in the United States on products to be shipped on American vessels.

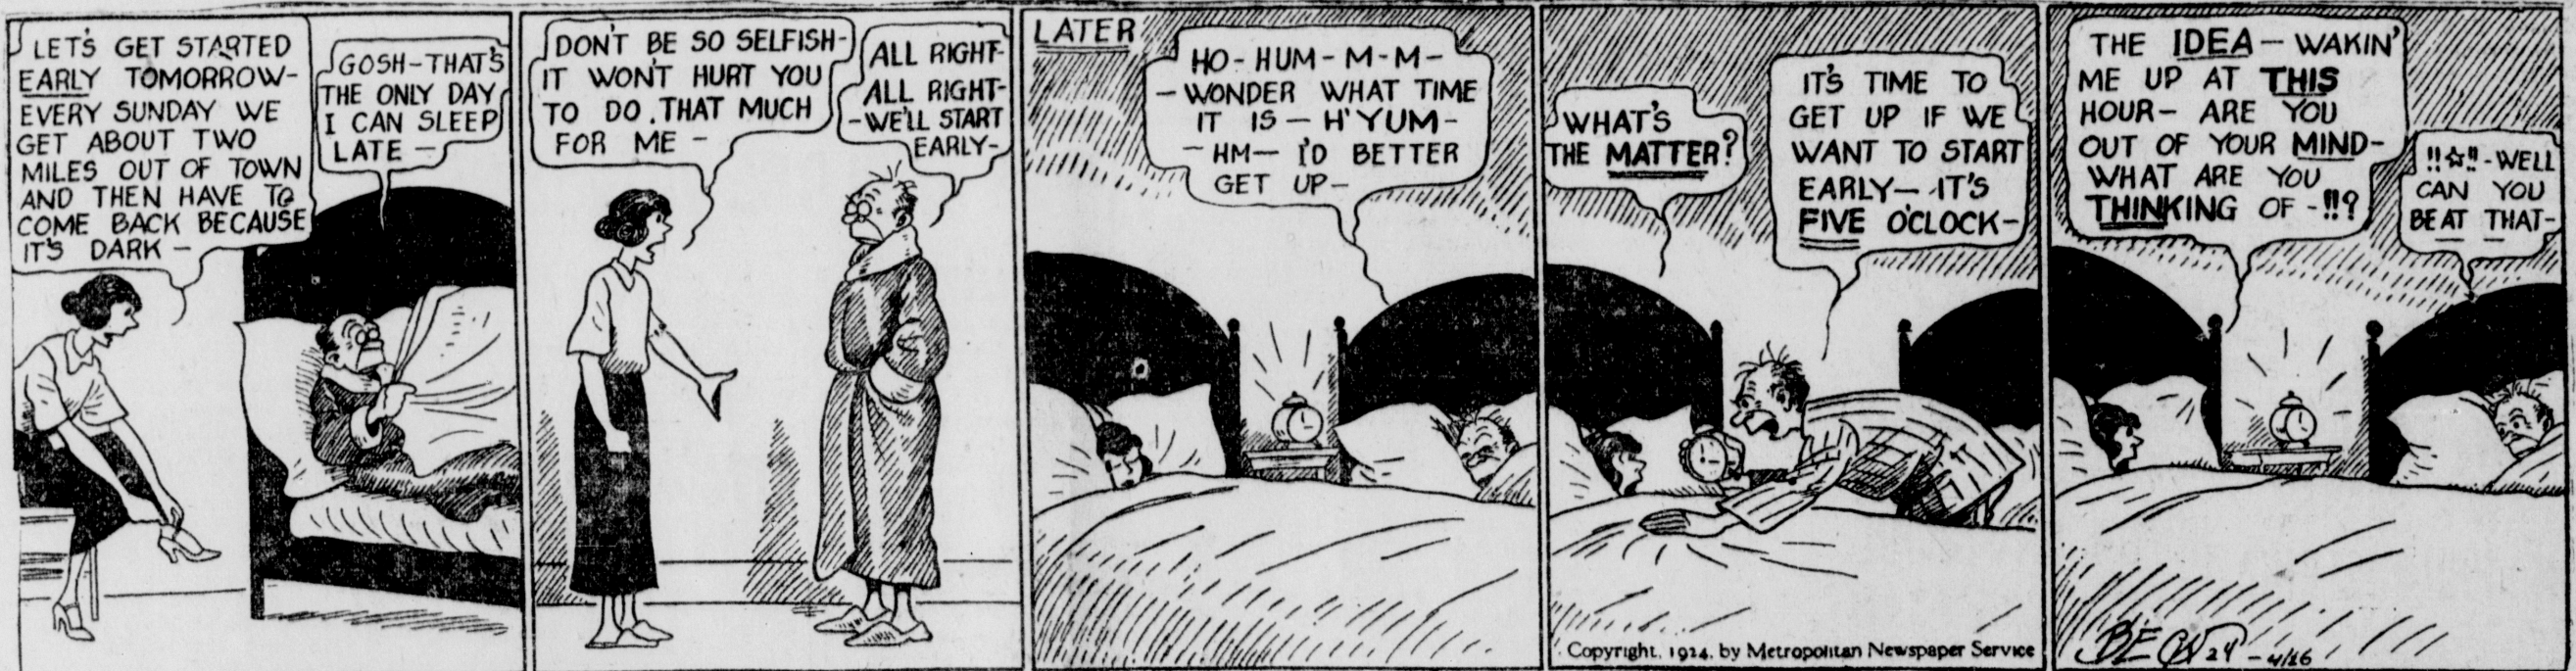

The shipping board wanted to put the preferential rates into effect at once, but the interstate commerce committee was opposed to the plan.

## GREEKS OBSERVE EASTER

Ypsilanti, O., April 26—Scores of lambs were slaughtered here yesterday and today preparatory to the observance of the Greek Easter tomorrow.

The many Greek coffee houses are being renovated and decked out in preparation for the occasion.

### KESTER WILLIAMS WEDDING AND RECEPTION

Miss Anna Kester, second daughter of Mr. and Mrs. Marion Kester of Cincinnati Avenue, became the bride of Mr. Harry D. Williams, Friday evening, at the parsonage of the First Methodist Church, the Rev. G. A. Scott officiating.

Miss Kester was lovely in a gown of lawn chiffon, embroidered, with hat and footwear in a corresponding shade. Her corsage was of sweet peas and bride's roses.

The couple was attended by Miss Imogene Kester, sister of the bride and Mr. Lawrence Riddell. The bride's maid wore turquoise chiffon with silver trimming, gray hat and footwear. Her corsage was of pink and white sweet peas.

Immediately following the ceremony a reception was held at the home of the bride's parents, on Cincinnati Ave. for about fifty guests.

The Kester home was decorated with ferns and potted plants, the bride's table being very attractive, decorated in pink and white sweet peas, combined with smilax and centered with a large bride's cake in pink and white.

A delicious salad course was served by Miss Mildred Sutton and Miss Lois Simson, who were charming in blue Jon gowns.

The favors were miniature brides. Seated at the bride's table with Mr. and Mrs. Williams were Miss Ethel Highley, Miss Helen Ford, Miss Thelma Johns and Miss Imogene Kester, Mr. Crawford Craig, Mr. Lawrence Riddell, Mr. John Burger, and Mr. Ralph Kester.

When the bride's cake was cut, Miss Helen Ford received the thimble, Miss Ethel Highley, the ring, Miss Imogene Kester, the wish bone, Mr. Lawrence Riddell, the coin, and Mrs. Harriet Snyder, the button.

After the reception, Mr. and Mrs. Williams left for Detroit and Canada, where they will spend their honeymoon. They will be at home, May 5, at the Fisher apartments, at Galloway and Church streets, where their apartment is furnished. The couple has the well wishes of a large circle of friends in which they are popular.

The out-of-town guests at the affair were Miss Florence Hoerster, Miss Frances Shannon, Mrs. Harry Miller, Mr. and Mrs. Forest Kester and sons, Kenneth and Edgar, Mr. Carl Smith and Mr. Damon Crabtree, all of Dayton.

### SERIES OF PARTIES FOR ENGLISH HOUSEGUESTS

Mrs. Isabelle Phillips, and her two charming nieces, the Misses Helen and Katherine Phillips, who arrived last week from Mexico City, and have been the houseguests of Dr. and Mrs. Lawrence Shields, of East Second Street, have been feted with a series of lovely parties, this week.

On Tuesday Mrs. Mary Kinney, Miss Clara Allen and Mrs. Shields, gave a small bridge-luncheon, honoring Mrs. Phillips. Golden daffodils formed the graceful decoration of the rooms. Five hundred was played at four tables, Mrs. James Wilson, III, winning the high score prize. Guest prizes were presented Mrs. Phillips and the Misses Phillips.

Miss Bertha Trebein and the Misses Marjorie and Doris Flynn entertained in compliment to the Misses Phillips, Monday evening, at cards. A small list of guests was received for the prettily appointed affair.

Mrs. Phillips was again honored by Mrs. J. D. Steele, who gave a small bridge-luncheon, in her honor, at her home on North Galloway Street, Thursday afternoon.

A group of young people were entertained by Miss Margaret Kelly, honoring the Misses Phillips, Thursday evening. Bridge was played at five tables during the evening.

Mrs. Reed Madden received a company of guests at a bridge party, in their honor, Friday afternoon.

The Misses Margaret and Florence Steele were hostesses to a company of guests, for four tables of bridge, Friday evening, in the Misses Phillips' honor.

Mrs. Phillips and the Misses Phillips are leaving Monday, and will sail May third, from New York, for their home in England.

### PAPERS READ AT MISSIONARY MEETING

Two interesting papers were read by Mrs. D. D. Jones and Mrs. Flora Alexander, at the meeting of the Women's Missionary Society of the First Presbyterian Church, at the home of Mrs. P. D. Espey, Friday afternoon.

Mrs. Espey was assisted by Mrs. R. C. West, Mrs. O. A. Spahr, and Mrs. Harry Kiernan. Tea and cakes were served after the program.

### BIRTHDAY SURPRISE AT DENEHEY HOME

Fifty friends of Mr. William Denehey, of North of Xenia, participated in a surprise party, in celebration of his birth anniversary, arranged at his home Thursday evening.

Cards and dancing were the principal diversion of the evening and a two-course luncheon was served late in the evening.

### QUEEN ESTHER SOCIETY

The Queen Esther Society of Trinity M. E. Church will meet at the home of Miss Iva Laycock, on Hill Street, Monday evening, at 7:15 o'clock. Each girl will bring her Lenten offering of twenty cents, to the meeting. Plans will be completed for the market, and other business transacted. Every member is expected to be present.

### JUNIOR WOMAN'S CLUB

Mrs. B. R. McClellan will receive the Junior Woman's Club, at her home on South Detroit Street, Tuesday afternoon. Mrs. Mary Little Dice and Miss Helen Boyd will read papers at the meeting.

### FINED ON CHARGE

Everett Moorman, driver for the H. E. Schmidt and Company grocery, was fined \$2 and costs by Judge E. D. Smith in Police Court Saturday morning when arraigned on a charge of speeding. Moorman was arrested after an East Church Street resident had filed a complaint that he drove a machine on that street faster than thirty-five miles an hour.

### Iceland's President Rules Churches.

PRESIDENT MAGNUSSEN.

A queer combination of Government functions has been assumed by President Magnussen, of Iceland, who also is Minister of Churches in the little island.

### SAYS JUSTICE OF PEACE SHOULD NOT COLLECT AUTO FINES

Justices of the peace do not have legal jurisdiction to assess and collect fines in automobile speeding cases, it is ruled by Judge Robert Patterson, of Montgomery County Common Pleas Court.

The ruling means that thousands of dollars assessed in fines in speeding cases by justices of peace and squires has been collected illegally.

Judge Patterson's ruling came shortly after a conference with officials of the Dayton Automobile Club and Attorney General C. C. Crabbe, of Columbus.

According to the state law passed twelve years ago, squires can assess fines only in liquor or other cases where their jurisdiction is "special." Speeding cases must be bound over to the Probate Court with other misdemeanors for disposition while felonies must be bound over to Common Pleas Court, the ruling holds.

### EAST END NEWS

#### THIRD BAPTIST CHURCH

A. McClintock Howe, Pastor, 9:30 a. m. Bible School, H. W. Gales, superintendent; 10:45 a. m. Worship and Sermon. (God—Writing On And In The Heart) 6:30 p. m. B. Y. P. U. Mrs. Elizabeth Simms, President. This service will be under the leadership of group number two, 7:45 p. m. Worship and sermon. Rally day in all of the departments of the church. Prayer meeting Wednesday evening. Trustees day at the Third M. E. Church.

Preaching at 11 a. m. by the pastor. The regular platform meeting 3 p. m. in charge of Rev. J. Crawford. Preaching at 7:30 p. m. also. Review of last year's work. G. L. Shepperd, Pastor.

A few services will be held at Zion Baptist Church Sunday at 2:30 p. m., under the auspices of the decorating committee. The service will be in charge of Rev. Young, pastor of St. John's A. M. E. Church and choir.

The program for the B. Y. P. U. of Zion Baptist Church Sunday evening at 6 p. m. Devotionals by the Randolph prayer circle, leader of B. Y. P. U. Master William Tibbs. Scripture reading Master Alvin Hall. Prayer, Mrs. C. B. Hatcher; Solo, Miss Helen Ward; recitation, Miss Hazel Watson; Violin solo, Master Cornelius Young; Reading, Mrs. Elizabeth Simms; Solo, Master Otis White; Recitation, Paul Buford; Bass Solo, Rev. Mr. Dix; Piano Solo, Miss Mary Young; Recitation, Ruth Garvin; Solo, Mrs. Lillian Watson. Discussion of topic.

The conquest for the children: In the Kindergarten Matt. 8:1-10. Miss Flora Leach. Roll Call and Bible Quotations Mrs. A. C. Hawkins, President.

### LOCAL STORES TO CLOSE WEDNESDAY NOON IN SUMMER

Practically all Xenia merchants will observe the clerk's half-holiday closing program on Wednesday afternoons during the summer months. It has been determined from the results of the circulation of a petition to that effect through the business district.

The business houses are divided, however, on the number of months in which to carry out the half-holiday plan, despite an effort inaugurated to have the plan carry through five summer months. The division will mean that part of the merchants will close only three months during summer. It is said. Some of these are favorable to a longer period of observance of the half-holiday but refrained from signing the long term because their competitors refused to do so.

The following merchants have signed to close their places of business every Wednesday afternoon for the five months of May, June, July, August and September, beginning May 7:

The Criterion  
Katz and Richards  
The McDorman-Pumphrey Co.  
Tiffany Jewelry Store  
L. A. Wager  
J. Thorb Charters  
Fisher Brothers.

The following stores will be closed Wednesday afternoons during the three months of June, July and August, beginning June 4:

Hutchison and Gibney Co.  
Jobe Bros. Co.  
S. & S. Shoe Store  
Moser Shoe Store  
F. W. Woolworth  
Fred Graham  
L. S. Barnes  
W. C. W. Co.  
Geyer Book Store  
E. W. Sanz Shoe Store  
W. J. Kennedy Shoe Co.  
Galloway and Cherry  
R. D. Adair & Co.  
Frazier's Shoe Store.

Employees of the three banks and two buildings and loan institutions in the city, it is said, have signed petitions directed to their respective boards of directors, asking for a similar observance of the half-holiday during the summer. Bank officials are said to be favorable to the plan, but will not add their names to the list until the meeting of the directors and favorable action on the closing program, which is expected to be forthcoming next week.

A later agreement among stores now unfavorable to closing five months, may result in a change of plans and all stores signed up three months changing their programs to the five-month closing time, it is said.

### CLOCKS ORDERED FORWARD

Cincinnati, April 26—County Commissioners made arrangements to conform with the "more daylight" schedule which goes into effect tomorrow, when they passed a resolution at their meeting yesterday ordering that the clocks in the Court House and all county buildings be set ahead one hour tomorrow morning, this time schedule to continue until the last Sunday in September, when they will be set back an hour to the old time.

### FUNERAL IS HELD

Funeral services for Mrs. E. F. Nicholas, 39, wife of Oscar E. Nicholas, 116 Bainbridge Street, Dayton, who died Thursday at Miami Valley Hospital, were held from the home of her mother-in-law, 629 Hayes Street, Saturday morning at 10 o'clock and the body brought to this city for burial in Woodland Cemetery.

### COLUMBUS MAP FOUND BY FRENCH CURATOR.

M. de la Ronciere, curator of the French National Library in Paris, is shown with the Columbus map recently found in the library. The map is believed to have been drawn by Barthelmy Columbus, brother of the discoverer of America, and to have been used by Christopher Columbus himself. M. de la Ronciere had been examining the map while completing a history of Africa and found it registered as a rare specimen of the 16th century Portuguese map. Closer inspection revealed faint inscriptions which identified it as the real Columbus map and showed the ancient Italian name for Cape Verde Islands.

### MODISH MITZI—She Opens The Door Only To the Best of Tailored Fashions

Adelaide, having a new suit, has come to call on Mitzi. The best thing to do after you have bought anything is to go to Mitzi for approval. The long directoire lines suit Adelaide very well. The collar is high, and the coat is longer than most. Notice the reverses. Not one bit of its smartness is lost on The Jewel.

The Jewel in her own way is a style critic, though none the less a good maid. She rolls adoring eyes at Polly who wears a smart short jacket suit. It is cut away in front after the English fashion and the two buttons make it snug, tailored and chic. It's an attractive boyish style. "Oh, I'll wait," says Polly when she hears Mitzi is out. She wriggles a diminutive hankie from a pocket.

Even Aunt Sophia has bought a new twill suit. The coat is three-quarter length. It has the straight lines most suitable for Aunt Sophia. It is braided in a dull gold braid, and the collar stands up high in the back. The Jewel feels that Aunt Sophia is infringing on Mitzi's power in the house. That's why she looks askance.

The Jewel is welcoming both Mitzi and her suit. Her own dear Miss Mitzi will outshine them all! How could she help it? Her suit is adopted from a man's dinner jacket. It consists of a coat, skirt vest and blouse. It's of charmer and impeccably tailored—right to the last notch. Mandy enjoys her job. She opens her door only to the best of fashions, the others never cross her threshold.

Timely Tips and Suggestions on the Latest  
Diagrams and Hookups—Simplified

## CRYSTAL SET CHANGED TO TUBE RECEIVER

Same Apparatus Can Be Used With Vacuum Tube in Place of Crystal.  
By CARL E. BUTLER, Radio Engineer.

Last week I presented a crystal receiving set constructed with a variometer and a variocoupler. This receiver is very selective and sharp tuning for a crystal receiver, and will give satisfaction if properly constructed.

After a few weeks you will probably wish to add something to your receiver that will enable you to hear the local concerts with more volume and to occasionally pick up an out of town station. While it is possible and entirely practical to add a stage of radio frequency amplification to your crystal receiver, it will be best to convert your set over to the use of a vacuum tube detector.

The reason for this is that the vacuum tube receiver is much more stable in operation and adjustment, and can receive signals from a further distance than the crystal. If local stations are all that you wish to listen to, and you merely wish more volume, then the addition of a stage of audio frequency will be the thing to undertake.

An additional argument for the discarding of the crystal in favor of the vacuum tube as a detector is that while you are going to the inconvenience of using batteries, both A and B, you may as well use them for the detector as for the amplifier.

If you are well satisfied with your crystal set at the present time and do not wish to take advantage of the above method of changing your set into a tube receiver it might be well to clip this article for future reference. It is improbable that you will cease your radio activities with a crystal set and sooner or later you will wish to make use of this diagram.

The same apparatus that you are now using in your crystal set can be used in constructing the tube receiver the only article that must be discarded is the crystal. In addition a few more items must be purchased to complete the parts necessary to construct the set.

If you did not build up the crystal set and wish to buy the list of parts to construct the above receiver you will need the following: One variometer, one variocoupler, both may be of the moulded type, a vacuum tube socket and rheostat for the type of tube you are going to use. If you are going to use the UV199 or C 299 a special type of socket will be necessary together with a 30 or 40 ohm rheostat.

If you desire to use the WD 12, UV 200, or C 300 tube a standard socket and a six ohm rheostat will be necessary. You will also need a .00025 M. F. fixed grid condenser and a variable grid leak.

### Will Not Radiate

You may feel disappointed in the performance of this tube set in comparison to your crystal set as it is not regenerative. The variometer is in the grid circuit and not in the plate circuit, and no provisions are made for the transfer of energy from the plate to the grid or aerial circuit.

The reason for this is that any type of regenerative circuit will re-radiate energy back into the antenna and cause interference with neighboring receiving sets. This paper has been discontinued showing the ordinary feedback receivers for this reason.

Tuning will be very selective and you will receive well through interference with this receiver due to the fact that a coupled circuit is used in place of the usual single circuit principle. Also the grid circuit in tuned with an additional inductance, the variometer.

After constructing your receiver carefully check over all connections with the picture diagram and the wiring diagram to make sure that all connections are correct. Be especially careful in the wiring of the battery leads to avoid the possibility of burning out your tube due to a wrong connection.

Connect up the A battery first and then turn on your rheostat at least three quarters of the way. With the tube in place connect the negative and positive B battery leads. If there is a short circuit at some place in your connections you will see quite a spark when the positive lead is attached and your tube will burn a little brighter. If this happens disconnect the B battery leads and check over the connections to find out what is wrong. The tube will not burn out if the rheostat is turned on and the B battery is short across the filament leads as the B battery current will take the lower resistance path through the storage battery.

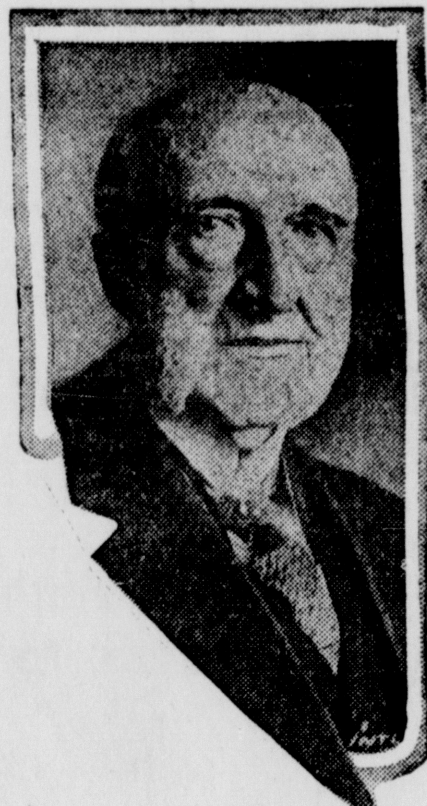

## CHAUNCEY DEPEW WILL BE HEARD OVER RADIO SATURDAY EVENING

New York, April 26.—Broadcasting direct from the Montauk Club in Brooklyn station WJZ will transmit in full the address of the Honorable Chauncey M. Depew, to be given at the banquet tendered him in honor of his ninetieth birthday by that club this evening, commencing at 9 o'clock.

Chauncey M. Depew occupies a unique position in the public eye, for he has been actively prominent in national and international affairs for a longer period than has any other person in the country. At 90 years of age the former United States Senator is chairman of the Board of Directors of the New York Central Railroad and is actively engaged in numerous other executive sessions among public and private organizations. He is noted as being one of the most brilliant after-dinner speakers in the country, and the celebration on Saturday offers the radio audience an opportunity to hear him at his best.

The dinner is the thirty-third annual banquet given him in celebration of his birthday by the Montauk Club, one of the oldest and most exclusive clubs of Greater New York, and Mr. Depew's presence at every one establishes what is believed to be a record for attendance by a Guest of Honor of such functions.

William H. English, for fifteen years President of the Montauk Club, will introduce the Honorable Mr. Depew to the guests of the club as well as the radio audience immediately upon conclusion of and adjournment from the banquet in the dining salon of the club, for the reception is to be held

CHAUNCEY M. DEPEW

in the club parlors. The remarks by Mr. Depew aside from President English's introductory remarks, will be the only address of the evening.

### PROGRAMS

#### SATURDAY, APRIL 26

WDAP—Chicago, Ill. (Central 360) 7:30 to 10 p. m. Concert and Musical program.

WWJ—Detroit, Mich. (Eastern 517) 11 p. m. Services and 2 p. m. News orchestra.  
WOC—Davenport, Iowa, (Central 484) 9 and 1:30, 7:30 p. m. musical pro-

## BUICK 4 CYLINDER SEDAN MODEL IS ATTRACTIVE CAR

Every detail shows thorough study of the motorist's need and wants. For instance, the driving instruments are conveniently grouped in a new panel and the front windshield posts are narrow so that there is a broad range of vision.

All the windows are trimmed with walnut moulding. The windshield swings outward and moves with the greatest ease. There is also the covered metal strip at the top to make it weather-proof.

The doors, fitted flush with the body, have a new stop at the top that fastens to the head rail and eliminates door straps. Plush trimming gives to the interior of the car an appearance in keeping with the fine exterior, and both are worthy of the Buick chassis.

gram: 8 p. m. Church service; 9:30 p. m. Musical program.  
WDAR—Philadelphia, Pa. (Eastern 295) 3 to 4 p. m. Sunday afternoon program.  
WHB—Kansas City, Mo. (Central 411) 2 to 3 p. m. Concert service; 8 to 9 p. m. Miscellaneous program of Music; 9 to 10 p. m. Classical and instrumental music; 12 p. m. to 1 a. m. Special feature.  
WLV—Cincinnati, Ohio, (Central 309) 8:15 p. m. Concert by orchestra.

#### MONDAY, APRIL 28

WJZ—New York City, (Eastern 455) 12:45 to 10:30 p. m. Concerts, talks, solos, interest to women, talk on New Tie-Dyed Suits, ball scores and other varied numbers.  
WEAF—New York (Eastern 492) 4 to 5:30 p. m. Classical music and solos; 6:30 to 10:30 p. m. Miscellaneous program; 10:40 p. m. Vaughn DeLeath, the Original Radio Girl.  
KWY—Chicago, Ill. (Eastern 536) 6 to 6:45 p. m. Talk and story for the kiddies.  
WOO—Philadelphia, Pa. (Eastern 509) 8 to 10:30 p. m. Talk on good health and varied musical program and dance music.  
KDKA—East Pittsburgh, Pa. (Eastern 326) 5 p. m. Baseball scores; 5:30 to 8:30 p. m. Varied and interesting program.  
WCAE—Pittsburgh, Pa. (Eastern 462) 6:30 p. m. Dinner concert; 7:30 p. m. Bedtime stories; 7:45 p. m. Theatrical revue; 8:20 p. m. Musical lamboree; 11 p. m. Late concert.  
KSL—St. Louis, Mo. (Central 546) 8:30 p. m. Musical program.  
WJZ—Pittsburgh, Pa. (Eastern 337) 6 p. m. to 9 p. m. Concerts; bedtime stories and musical numbers.  
WCBD—Zion, Ill. (Central 348) 8 p. m. McElroy Saxophone Quintet.  
WOS—Cincinnati, Ohio, (Central 446.9) 8 to 9 p. m. Radioliams.  
WLV—Cincinnati, Ohio, (Eastern 309) 8 p. m. Special concert; 9:30 p. m. Feature; 9 p. m. Varied and interesting program.  
WHB—Kansas City, Mo. (Central 411) 2 to 3 p. m. Musical program of interest.  
WGY—Schenectady, N. Y. (Eastern 380) 7:45 Musical program of interest.  
WOC—Davenport, Iowa, (Central 484) 8 p. m. Musical program.

## EDGAR A. GUEST TO MAKE ADDRESS BY RADIO APRIL 29

Edgar A. Guest, whose poems appear daily in The Evening Gazette and Morning Republican, will be the feature of the radio program broadcast from the Detroit Free Press station, WOX, on Tuesday, April 29, from 10 o'clock until midnight (Eastern Standard Time). The voice of the poet will come to thousands who have learned to honor and love him through his writings.

Mr. Guest will appear several times on the program of the Red Apple club, the famous weekly feature of WOX broadcasting, so that those who have difficulty in tuning in early in the evening will have an opportunity to hear him before midnight. He will read some of his best known poems and have an intimate talk with his unseen audience.

WCX will send one of Mr. Guest's books, personally autographed by the author, to the sender of the first telegram from each state and a handsome picture of the poet to each one who wires that the program is being heard.

## HOUSE BEGINS ITS HEARING OF BILLS

Washington, April 26.—The house patent committee yesterday began hearings on bills dealing with music copyrights. Representative Albert Copyrights, Washington, Republican, urging his bill, which he declared would cure "a music monopoly."

Representative Walter H. Newton, Minnesota, Republican, who has a bill pending dealing with the subject, argued that service to the public is the main purpose of motion pictures and radio broadcasting stations. The publisher, he said, receives his royalty in the sale of sheet music and in the re-sale to those who hear it. This should end their rights, he declared.

E. C. Mills, of the American Society of Composers, Authors and Publishers, denied charges that fees were demanded everywhere, saying that such was the cases only where performances were given for profit.

## CARROLL-BINDER ANNOUNCE AGENCY FOR ANOTHER LINE

Interest in the announcement that The Carroll-Binder Company, Inc., dealers in automobiles and accessories are moving into new showrooms at 108 East Main Street is increased by the simultaneously revolutionary announcement that the company will be exclusive Greene County distributors of Firestone and Oldfield tires and Prestolite Batteries in the future.

The inauguration of the new show rooms is an important step in the rapid progress of one of Greene County's newest automobile concerns, but the announcement of its expansion of business is probably more important in the industrial world. Both combine to make the step one worthy of recording in the current history of automotive progress in this county.

The company was formed only about a year ago to handle the agency of the Paige and Jewett automobiles. Recently the enterprise was extended to include the agency for Gray pleasure cars and Federal trucks. Now the company is branching into the accessory line with the installation of tires and batteries as well as other accessories and a complete service department for these lines.

The contract by which this Xenia company becomes sole distributor in Greene County of Firestone and Oldfield products, is a weighty move for it means that all tires and tubes manufactured by these concerns will be distributed through the Xenia agency, even though retailed by other firms in the county. A complete repair and service department for the tires will be installed at the new show rooms.

The Prestolite battery will also be handled exclusively in Greene County by The Carroll-Binder Company, and a representative from the factory with five years experience will come here in charge of that department.

ment. Repairing and recharging of the batteries will also be done in the workroom in the rear of the sales display room at 108 East Main Street.

Paige, Jewett and Gray pleasure cars and Federal trucks will be on display there in charge of Charles Carroll, president and general sales manager of the company, assisted by a corps of salesmen. The present service headquarters and garage for the agency will be maintained in its present location in the rear of the sales room, accessible from the alley next the American Express Company office and east of the sales and display room. Ira M. Williams chief mechanic, will be in charge of service and repairs on all cars. Service will also be maintained on tires, and calls will be answered to all parts of the county at a nominal cost as part of the service program.

Officials of the Company believe the addition of the sales room and the increased commercial importance of the concern through the addition of the tire and battery sales and service, will make it a leader in automotive equipment in Greene County. They are confident that the popular auto lines they are introducing to Greene County buyers will make their appeal felt even more so than in the past.

The Paige, described as "America's most beautiful car," needs no introduction to Greene County people. It has not only had a nationwide popularity but has always been a leader in Greene County. In developing the Jewett as a cheaper car, the Paige people are said to be producing one of the best cars in its classification ever manufactured. The local firm is also proud of its newest acquisition, the Gray, which it boasts as a high grade car at a price within reach of most any pocketbook.

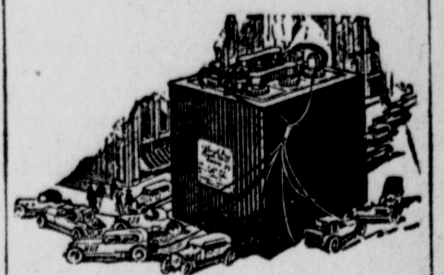

Believing that in these three cars, the company has a car that will appeal to most any state, officials are planning to push all three in the spring and summer drive to motorize Greene County. They believe that at least one of these makes will strike a responsive chord in the breast of most any prospective auto

purchaser and they are planning a substantial publicity program to introduce their favorites to the buying public.

## AN EVENT OF REAL IMPORTANCE

TO THE AUTOMOBILE WORLD

THE MOST EXCLUSIVE AUTOMOBILE AND ACCESSORY SALES AGENCY IN GREENE CO.

We have acquired the exclusive agency for all of Greene County of the world-famous Firestone and Oldfield tires and at an early date with a fanfare of trumpets will open our new tire store at

**108 EAST MAIN STREET, XENIA, OHIO**

Do not miss this event, auspicious for every auto owner in this section. We will carry a complete line of Firestone tires, tubes and accessories and will push the sale of

## Paige, Jewett and Gray Automobiles AND FEDERAL TRUCKS

All of which have brilliant records of performance, satisfaction and endurance.

### JEWETT SIX

PAIGE BUILT

**Serves Long—  
Because It's Strong**

**A Sturdy Six—Not a Light Six**

THE new Jewett Six is strong—with a strength that cannot exist with lighter construction. Jewett Six's strength is shown in its weight. It weighs 2805 pounds—200 to 400 pounds more than "light" sizes of its size. Here's what this weight gives extra:

It gives you a BIG MOTOR—full 50 h.p. Paige-built. It gives you a 6-inch-deep frame, extra cross-braced, rigid. It gives you Paige-Timken axles front and rear, extra stout to stay true; all-steel universal joints; springs 80% of wheelbase; stout wheels; strong bodies.

With such strength it's no wonder

Jewett serves long. And of course Jewett Six rides easier than lighter cars—also performs better, due to its extra power. Try to pass it on a hill. Drive it from 2 to 60 miles an hour in high; accelerate from 5 to 25 miles an hour in 7 seconds in high. Try THAT with ANY other car, regardless of price, and realize how fine Jewett is.

You can get a "Light" Six for \$100 less than Jewett; but you can't get Jewett ruggedness, dependability and performance for a penny less than \$1065. Many owners say Jewett's equal cannot be had under \$1500. Let us prove it to you.

(c36)

## FEDERAL TRUCKS

We have the exclusive agency for the famous FEDERAL TRUCK. The best truck on the market and the greatest amount of satisfaction. Buy Federals and be pleased. All the larger industries of the nation use only Federal trucks. Why? Because they are the best.

## Firestone Tires

**BALLOON GUM DIPPED CORDS**

**The Original Low Air Pressure Tires**

Until you have ridden on Balloon Gum-Dipped Cords you cannot realize the great forward stride Firestone has made in motoring comfort, safety and car conservation. You get equal mileage, or better, than from regular cord tires. Gasoline consumption averages less. Vibration is reduced to a minimum, prolonging the car's life and largely relieving it of squeaks and rattles. We have gone into the tire business in a BIG way. We have signed a distributor's contract for tires. This large contract will permit us to sell tires at prices that will be within the reach of all. See the new Firestone balloon tires.

## Prest-O-Lite Batteries

We spent months investigating different makes of Batteries. We were determined to give the people of Greene County only the best in Automobile Accessories and selected this type as the best battery on the market.

## THE CARROLL-BINDER CO

## HOW ONE WISE AND HONORED MAN GOT HIS LESSON

Gifford Pinchot is a great man, and perhaps the greatest forer in the world, for as a young man he had studied the subject in England, France and other parts of Europe, and was highly esteemed for his advice on the subject by all Americans. He was particularly admired by Theodore Roosevelt, and in a manner advanced in public esteem because thereof. What a pity he did not "stick to his last."

But the political bee got in his bonnet and he became candidate for Governor of Pennsylvania. Because of his known ability in one direction he was overwhelmingly elected. He was a warm temperance man, and apparently made up his mind he would be President of the United States some day. A half year or so ago the country was astonished to have him publicly charge President Coolidge that the slack enforcement of the 18th amendment was due to national failure on the part of government officials. And represented the charge that it was due to inefficiency of state officials. From thence came the first alienation with President Coolidge, and with many Republicans, and of course a serious break in the party in Pennsylvania.

But the climax has been serious beyond all reason. Pinchot demanded that he be sustained, and last week announced himself as delegate-at-large to the Cleveland convention, said Coolidge was not "the issue," as the Republicans claimed, but that temperance was. The Republicans felt upset to have the Governor of the state go back on Coolidge, and resented. Backed by the Republican Representative vote of Philadelphia they opposed Pinchot's candidacy as delegate-at-large to Cleveland by the nomination of Ralph Brewer Strasburger, a Norristown editor. The fight was on, and the battle at the election on Tuesday was such a "mix" that good temperance people were at a loss to know how to vote especially the W. C. T. U., as Gifford Pinchot had always been known as the best friend of temperance. It was a shameful position to place them in.

So it was with almost fear and trembling that the Republicans of the nation awaited the result.

To make a long story short—Gifford Pinchot, talented Republican Governor of Pennsylvania, was overwhelmingly defeated as candidate for delegate-at-large to the Cleveland convention, and his opponent, Strasburger elected—which of course means that the voters thought President Coolidge was the issue, which also means that temperance is the issue as well for the great majority of voters seemed to feel that they knew about it as well as Pinchot.

So the "Presidential bee" appears to have buzzed too strong in this case for one man, to regret of thousands of his friends, and the more than regret of a great party which feels its great responsibility, despite fools as members, as of all parties.

## EUROPE MUST MEET US HALF-WAY

While the official spokesmen of Germany, France, Belgium and Great Britain all have indicated their acceptance of the Dawes program, France and Britain find themselves still in disagreement concerning sanctions and guarantees. Politics that the Dawes Commission did its best to exclude from the report shoulders a way back into the situation.

It is not likely the politicians of London, Berlin and Paris will dare go so far as to smash the life-raft of American has at last floated over to Europe. They know America was brought back to the Old World only after five years of effort and pleading, that she reserves her full freedom of action and that she can depart again more easily than she returned.

For five years one Old World pleader after another visited America, urging and arguing that she give her help. We were told our financial, our economic and our moral support was necessary to pull Europe together and salvage its civilization.

We found our moral support could not be effective, for the moral sense of Europe seemed dead. We discovered Europe, as of old, was an armed camp stuffed with racial hates and national jealousies. There was no disposition in America to finance new wars, and our instinct was inflexibly opposed to any form of political action across the Atlantic. For years there was no way by which we might return. When a way was found, it was an unofficial way. We went not as politicians, but as business men and experts, and with the tacit understanding that Europe, unable to save herself, was willing to be saved. The American experts went over as neutrals to deal out even-handed justice as nearly as possible to a Continent that professed itself tired of war and ready for peace.

In the Dawes report we have wrapped up the offer of American financial and economic aid. It is the nearest to a solution of the Old World tangle that we can offer. It has impressed American official opinion and public sentiment as just, as well as workable. If accepted, our strength will flow out to the help of Great Britain, France, Germany, Belgium and all of Europe. Under it order should replace disorder. In time it will enable Mother Europe to replace the rifles now in the hands of her sons with trowels, plowhandles and hammers.

Europe would not have accepted the program five years ago, or even two years ago. We have done this thing as soon as the Old World was ready to accept it. We have gone half way, and we have done our part. It is now the duty of Europe to meet her half of the implied contract.

## Just Folks

by Edgar A. Guest

### MYSTERIES

Oh, there's much to think about—  
So much to try to figure out,  
So many mysteries profound,  
That everywhere we look around  
It seems in sky, on sea or land,  
Are things we do not understand.

With all our wisdom, still we lie  
And gaze into the open sky  
And wonder at the stars which race  
Across that boundless sea of space,  
And who conceived so vast a plan,  
And was it only made for man?

What caused the rivulet to flow,  
And when did grass begin to grow?  
Who shaped the graceful scaffold,  
Since the far day when life began.

Or thought about the whippoorwill?  
What vast imagination planned  
The countless insects of the land?

A robin sings. His note is heard—  
Who knows the secrets of a bird?  
And who can tell us how or why  
God sent to earth the butterfly?

Or tell what marvelous mind conceived  
The first frail web a spider weaved?

How far our little dreams may run!  
With questioning we never done.  
No moment of the day but brings  
Us face to face with wondrous things  
All mysteries which have baffled man  
Since the far day when life began.

## TWO'S COMPANY BUT THREE PARTIES IS A CROWD

## 1904--Twenty Years Ago--1924

The finishing touches are being put on the new stretch of double track on the Pennsylvania line between this city and Wilberforce.

The firm of Wood and Mullen, the barbers, who have been occupying a room in the Commercial Hotel block, is arranging to make a change in location. They will occupy a room in the Allen block.

The Elks lodge divided the \$100 one half the proceeds of the Charity Ball, among the charitable associations of the city.

Several Xenians will be in attendance at the annual reunion of the survivors of the Putland, the vessel which was blown up at the time of the Civil War, which will be held at Gallon, O., this week.

### BUYING AN ANTIQUE ORIENTAL RUG

**TOMORROW'S MENU**  
Breakfast  
Strawberries  
Cereal  
Wholewheat Waffles  
Toast  
Coffee

**Luncheon**  
Celery Cream Soup  
Broiled Beefsteak  
Mashed Potatoes  
Fried Onions  
Cauliflower  
Asparagus Salad  
Coffee

**Supper**  
Veal Loaf  
Corn Muffins  
Fruit Salad  
Coffee

A Reader Friend has written to ask for an article on how to tell an antique Oriental rug from an imitation. Of course the surest way is to have an expert on these rugs choose one for you. Many of the rugs now being made in Oriental factories are "antique" by a process of bleaching which softens the colors, thus making it very difficult for the inexperienced to detect their fraudulence. These imitations are also rubbed with glycerine, or with a chemical composition, to give them a silky sheen like that of an old rug. They have not the beauty or durability of a genuine antique; for, if the bleach has not been washed out thoroughly—and it seldom has—the rug will wear through in spots, and after few weeks wear the glycerine gloss will disappear.

Of course there are some imitations which are better than others, and I am a firm believer in buying a good imitation when one cannot afford the real thing. But one naturally does not wish to buy an imitation for the real thing, at an extravagant price. How, then, is the housewife to know the new from the really old? Here are a few suggestions which will help her: In the first place, it pays to make a study of the texture, design and color of priceless Oriental rugs in museums. Then go to the shops and note the difference. For instance, you may observe, in the shops, rugs in which some of the colors have run, so that

there are places where they have spread from a pattern into a lighter pattern or into a background; this spreading of the colors is caused by the use of cheap, crude dyes, which have run in the bleaching process. You may also notice that some of the dealer's so-called antique rugs have soft, dull colors, on the surface, but sharp, bright colors on the back; separate the threads and look closely to discover this flaw. Another way of telling a new "antique" rug is to wet a piece of cloth and rub it on a part of the rug (of course you would have to make this test at home); if the rug is an imitation you will catch the smell of chloride of lime which was used in bleaching it. Then, too, a genuine Oriental antique rug will be hard and shiny on the back, from years of rubbing on floors—just as an office worker's wool suit becomes hard and shiny from rubbing against desk or chair. Also, an old rug is usually more closely made, with knots tighter and closer together than on a modern rug.

### WILBERFORCE

#### Gives Violin Recital

Mr. Kemper Harrell, a noted violinist and in charge of the Musical Department of Moorhouse College, Atlanta, Ga., gave a violin recital in Galloway Hall, Thursday evening. Mr. Harrell is one of the leading Negro violinists of the country, having studied in Conservatories of Germany and France.

Mr. Harrell plays with a steady full tone; his technique, used without effort for display, is good and his playing has the warmth and finish of an artist. He appeared to best advantage in the Mendelssohn Concerto, Kreisler arrangement of Chaminade's "Spanish Serenade" and his own arrangement of Swanee River.

**Holds Impressive Services**  
A very interesting Easter Service was held Sunday morning in Galloway Hall. The discourse was delivered by Dr. H. H. Summers. The choir, under the direction of Prof. Geo. T. Simpson, furnished Easter music. Miss Eunice Gregg sang solos.

The Senior College Class in caps and gowns, led by President John A. Gregg, marched in a body to Easter Services, Sunday morning. Special reserved seats were given the class. In the morning a special prepared breakfast was served the members in Wayside Shoppe.

**Wilberforce Represented**  
The first Ohio Relays was held at Ohio State University on April 19, and in the list of thirty-two colleges and universities represented was Wilberforce University.

The team from the university was listed in Event No. 34, the one-mile relay and finished third. Freeman taking the lead at the start of the mile relay and it seemed to be a Wilberforce victory until the last laps when Bluffton and Toledo came then with a burst of reserve speed ahead of Wilberforce.

Bluffton, first (Augsburger, Gottshall, Osenbaugh, Salzman), time, 3 min. 40 sec.; Toledo, second, (Fetterman, Fork, Van Cleff, Simonds, Kibler); Wilberforce, third, (Freeman, Lewis, Clarke, Sedwick); Capitol,

fourth, (Neff, Supton, Fudge, Albrecht, Rosenthal).

### Presents Pageant

The "Sigma Gamma Rho Sorority" presented a beautiful pageant, entitled "The Risen Christ," in Galloway Auditorium at the evening service, Easter Sunday. The costumes, which were of biblical times, were well chosen. All of the characters were excellently fitted for the parts which they portrayed.

This was the first public appearance of the newly organized teachers' sorority, and the success of their initial effort was shown by the large audience and unstinted attention. The future of the organization promises to be a brilliant one.

### Comedy Presented

A College Comedy in four acts entitled "A Trial of Hearts" was presented by the Ivy Leaf Club of Alpha Kappa Alpha Sorority and Scroller's Club of Kappa Alpha Phi Fraternity in Galloway Auditorium, April 21, 1924. The participants showed quite a bit of talent and the costumes were very elaborate and suited to the occasion. The furniture added much to the scenery, being loaned by Adair Furniture Company of Xenia. The attendance was very large and the appreciation was shown by the volume of applause.

Misses Myrtle Marthel, Anna Williams and Georgia Shannon of Mitchell Hall spent the week end in Indianapolis, Indiana. Misses Marthel and Williams attended the A. K. A. Convention.

Mrs. B. J. Highwarden, matron of Senior Hall left Sunday night for Cincinnati on important business.

Messrs. Thomas H. Wright, District Manager, McKinley W. Wright, Asst. District Manager, Springfield, Ohio, and Messrs. Cecil Butler and John E. Williams, Stock Selling Contractors of the National Benefit Life Insurance company of Washington, D. C., were visitors at the school Thursday afternoon, and delivered interesting talks on topics of selling insurance to the students of the School of Commerce.

Miss Mamie Williamson, an instructor in the High School of Washington, D. C., visited her sister, Miss Anna O. H. Williamson and Miss Lucinda Cook of the Normal Department the latter part of last week.

Miss Ruby Hunter, of Yellow Springs, Ohio, died Wednesday in Hamilton, Ohio, while undergoing a surgical operation.

Miss Hunter graduated from the School of Commerce in June, 1922.

Mr. and Mrs. Charles Martin spent Easter Sunday with Mrs. Martin's parents in Richmond, Ind.

Miss Inez Edwards, private secretary to Superintendent R. C. Bundy of the C. N. and I. Department, spent Easter Sunday with her sister, Miss Bessie Edwards, in Detroit, Michigan. Mr. William Hunnicutt was in Springfield, Sunday and turned out with the Knights Templars to their annual sermon delivered by Rev. Curry.

President and Mrs. J. A. Gregg, Mr. and Mrs. J. D. Newsome, Messrs. Theodore Carter, M. A. Stewart, George C. Dennis and William Johnson were in Xenia Sunday as guests of the ladies members of the Eastern Star Lodge, who gave a dinner to the members of Wilberforce Lodge, No. 21. The dinner was served in the Masonic Hall on East Main Street. The principal speakers for the occasion were President Gregg and Mr. William Johnson.

Henderson's College Orchestra was in Charleston, W. Va., Easter Sunday where they gave a concert in one of the churches.

Misses Etta York and Marjorie Hermon and Mr. Russell Davis attended High Mass at the St. Brigid's Church in Xenia Sunday.

Mrs. Ophelia Graham of Miami-Burg, Ohio, spent Easter Sunday with her daughter, Mrs. A. J. White.

# Today's Talks

## NEW ABILITY

One of the happiest discoveries anyone makes, I believe, is that of coming across new viewpoints and ideas from the reading of books that once gave one nothing.

## BEAVERCREEK

The Mt. Zion Reformed Church Sunday School at 1:30 p.m.

At 2:30 p.m., a special service of appreciation for our Foreign Missionary, Rev. Ward Hartman. This is known as Ward Hartman Day.

Rev. Hartman has been and now is a Missionary in China for twelve years. Of late he has opened a Mission station among the mountain tribes to the north known as the Miao people. They are an ignorant and superstitious people, having no written language and worship their ancestors and sacred trees.

Because of our appreciation of his work and sacrifice we are moved to honor him here in his home church by a special service. He is a son of the Mt. Zion Congregation. His father and mother are Dan and Lucinda Hartman, who are also members of this church. Mr. Hartman is an elder in the Church.

At this service an enlarged picture of Missionary Ward Hartman will be presented to the church. The size of the picture is 20 by 24 inches.

The Girls' Missionary Guild of this church made a grade of 95 1-2 in the Standard of Excellence which ranks them in the front line and also second highest in grade in Miami classes. E. W. Moyer, Pastor.

## MCClelland Neighborhood

Mrs. Warren Ketter of Lower Bellbrook pike is spending the week with Mr. and Mrs. Lawrence Coy.

A large balloon floated over us Thursday a.m. and it is thought to be one of the seven giant gas bags released at San Antonio, Texas, Wednesday p.m. They were scheduled to pass over Indiana and Ohio Thursday morning.

McPherson School will enjoy a picnic supper at the Community Hall Wednesday evening at 7 o'clock.

Grandpa Coy of the Alpha road, who suffered a paralytic stroke several weeks ago, is now in a critical condition. Two of his brothers from the South have arrived to be with him.

Or coming to find rich treasures in the mind of a friend long known, but who previously seemed dull and uninspiring.

In the same way does new ability crop out to stir and spur one on. Theodore N. Vail, the grand old man of the telephone service, once said: "Any man is young who comes to recognition of new ability in himself."

So many of us strike a pace and seem afraid to leave it, until new ability within us is recognized—and then there is given renewed ambition to strive.

We must keep hunting for this new ability. It doesn't "just come." It has to be dug for, uncovered, bred, and built up.

There is really no end to the search for ability. It may go on and on to the very last of this mortal life. Another thing about the discovering of new ability is that it gives new coloring to interest. And interest, as we have all found out, is what keeps up the fight and desire in us and actually compels us to go forward—many times when we get very faint hearted.

But how are you going to discover new ability? By getting out of the day-by-day rut of things and by looking ahead all the time, by trying out new things, by having the courage to pass by failure in many things, and by not being stopped by any unusual success.

One thing that makes the tiny baby in its crib so fascinating to me is the thought of all it has locked up in its small frame—some day to be revealed—maybe to startle the entire world!

Undreamed-of wealth is locked within us all. It's in the form of new ability—untried.

You have no idea what all this new ability may do for you until you unlock the door that holds it—and let it out. This is a fine day to get out some of the new ability within you!

## BAD BREATH

### Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

## EXCURSION

### TO CHILlicothe

Every Sunday during March and April \$1.50 Round Trip

Train leaves 7:32 a. m. Returning, leaves Chillicothe 2:25 p. m. Affords splendid opportunity for visiting friends.

Call on ticket agent for further particulars.

Baltimore & Ohio

## IN ORDER TO ENCOURAGE HOME BUILDING

Among the people of Xenia, and also to house the large number of prospective citizens brought about by the decision of the American Cigar factory to enlarge its plant, the management of the Cowan Heights Development Company is offering lots at Cowan Heights ranging from \$125 to \$200 per lot. Those paying cash for the lots can also secure sufficient money, through the Xenia Realty and Loan Company, to build immediately.

This price now makes it possible for any industrious person to own a home and pay for it like rent.

With

Monte Blue—Evelyn Brent—Charles Gerrard

Loving Lies That Only Hurt and Don't Protect

If ever a man had sufficient cause to tell white lies, first to his sweetheart, then to his wife, it was San Stover in whose heart went on a constant warfare between Love and Duty. The first lie led to another—then others piled up until the crash was inevitable. And what a wreck it was! Love and Home swept on the rocks of domestic disaster!

## Where System Is Safety

As your train approaches a metropolitan terminal it seemingly becomes involved in a veritable maze of tracks and switches.

Yet there is no confusion. The engineer is never at a loss to know whether he is on the right track or whether there is a clear course ahead.

Everything is thoroughly systematized—and signals tell the engineer everything he needs to know.

And that's just the way it is in the A-B-C Classified Section! There is no confusion because everything is thoroughly systematized.

Column headings, sub-classifications and index terms are the "signals" which tell you whether you are on the right track and whether there are profits ahead. And all of these perfectly catalogued offerings have profits for somebody.

## VILLA RISKS CHAMPIONSHIP TITLE.

PANCHO VILLA AND FRANKIE GENARO

Pancho Villa, Filipino world's champion flyweight, has been matched to fight Frankie Genaro 15 rounds to a decision at the new Nostrand Athletic Club in Brooklyn, N. Y., early in June. Genaro has won two popular verdicts over the champion in no-decision fights, and many predict he will lose his title in their next meeting.

## MONEY AT WORK

Brief but Important Lessons in Finance, Markets, Stocks, Bonds and Investments

**INSURE ON TODAY'S VALUES**

1910 \$4,000

NOT ON ORIGINAL COST

1924 \$9,000

Money invested in factories or homes should be protected by fire and tornado insurance. Appraisals insure insurance.

Frequently owners of property discover after a fire that through insuring on original cost the amount collected from the insurance companies will not replace the destroyed property. This frequently causes the failure of a business.

Most insurance policies have a provision known as the "Co-insurance Clause" which states that the companies are liable only for such proportion of the loss as the insurance bears to 80 per cent of the value of the property.

If a property would cost \$100,000 to replace today, \$50,000 insurance should be carried. If only \$40,000 is carried and a \$20,000 loss occurs, the owner will only collect \$10,000.

To determine today's value every property owner should employ an appraisal company and carry insurance on the basis of their report.

## DAYTON CHILD IS KILLED BY TRUCK

Dayton, Ohio, April 26—Frances Handy, eight year old daughter of Mr. and Mrs. Charles Handy, 124 Montana avenue, was killed last night when she was run over by a truck driven by James Burns, of 451 Hickory street.

With two companions, the little girl was coasting in front of her home and was carried beneath the wheels of the truck.

This is the ninth child under 10 years old that has been killed in this city since January 1.

## RACERS SHOULD GIVE RESERVES A STRUGGLE

BY L. J. WONES

With the weather more suitable for baseball with each passing day the Xenia Reserves are rapidly rounding into form for the season's opener Sunday at Washington park with the fast Dayton Racers. The locals will have to play fast and smart baseball to down the Racers because the Gem City tribe has a nifty team.

This will be the third season for the Reserves and they are again under the helm of Jess Chambliss. The locals loom up to have a pretty fair nine all being home talent but a few. Chambliss wants anyone with any baseball ability to be at the park for a tryout as there will be two more tryouts before the squad will be cut and the players will receive a small compensation for their good or bad work on the diamond.

Chambliss has plenty of good material to work with. Such lads as Tucker, Leahay brothers, Fuller brothers, Cooper who is a pitcher, Karl another finger, Randall, Greene, Stiles, Cox and others are trying for berths on the local outfit. It is hoped when the team is picked that it will have a few fence clouters.

As for the Racers, fans will remember that last year they came to Xenia and slipped the Bayliffs the short end of 3 to 2 score. It must also be remembered that the Bayliffs had a very fine semi-pro club. The same team that knocked the Bayliff crew off will be at Washington Park again Sunday afternoon. C. Schoning will be at first. Brown at second, Eckert at short and Kline at the difficult corner. Wickens or Lefty Myers will do the hurling while Dixon who caught for the Red Wings some time ago will receive their slaps. In the outfield the Racers will have "Chuck" Harlow a former Steele High school star, "Monk" Roher and Swanson. With this array of baseballers the Racers will make things plenty interesting for the local outfit. The game will start at 2:30 o'clock with a competent official in charge.

## TAGGING THE BASES

The well known Mr. Ruth brought his home run total to three and Bush gave the Red Sox only

## MOTHER OF TWO IS DEAD AFTER YEAR OF SERIOUS ILLNESS

Mrs. Mary Alma Marshall, 38, daughter of Mr. and Mrs. Jacob Baumaster, of 339 East Third Street, this city, passed away Friday morning at 6:30 o'clock at the District Tuberculosis Hospital, Springfield.

Mrs. Marshall had been ill one year, and had been a patient at the hospital since last November. Her husband, George Marshall, died twenty-two months ago.

Mrs. Marshall is survived by her parents, and two daughters, Helen Louise and Julia Margaret, of Xenia, and five brothers, Clarence and William, of Xenia, and Sherman, Amos, and Elvie Baumaster, of Dayton.

Funeral services will be held at the home of Mrs. Marshall's parents, 339 East Third Street, Sunday afternoon at 2 o'clock, in charge of the Rev. G. A. Scott, of the First M. E. Church. Interment will be made in Massies Creek cemetery.

Friends may call at the Baumaster home after 2 o'clock Saturday afternoon.

## COPYRIGHT SUIT WON BY CROSLY

United States District Judge Smith Hickenlooper has handed down a decision in favor of The Crosley Radio Corporation, Cincinnati, in the suit brought against it by Jerome H. Remick and Company, music publishers, to prohibit the playing of music copyrighted by the latter corporation. The decision means a freedom of the air and that no holder of a copyright can compel the broadcasting stations to pay a fee for broadcasting music under the idea that it is a public performance for profit.

The decision means that the Copyright Law does not cover the broadcasting of copyrighted music.

**Health Hints**  
by the  
**Father of Physical Culture**

BERNARR MACFADDEN

It is not absolutely necessary to take special exercises every day, for instance, if your occupation should be of such a nature that on two or three mornings or evenings of the week you are unable to take your scheduled exercise this will work no special harm, though, without question, after exercising you will feel more capable and you will be better able to perform your duties than you were on the day that you failed to take any exercise, that is, if taken in the morning.

As further evidence that the development of the muscles around the spine tends to increase physical efficiency of the entire body, we direct the attention of the reader to men and women who have a large development of the muscles about the neck. You will rarely find a man with a broad, thick neck who is not vigorous, who does not possess a large amount of nervous and general physical energy. Similarly, the woman with the round, well developed neck, is usually a virile specimen of womanhood. It does not always indicate that these persons have given this particular part of the body a large amount of exercise. They may merely have inherited great vitality and the large neck has been one of the signs that indicate their general physical condition.

Among professional wrestlers are to be found some of the strongest men of the world. They are powerful, hardy specimens of human efficiency from a physical standpoint. It might be said that nearly every athlete of this type is as strong as an ox and as hardy as an oak tree. In practically every case they have been made so by their favorite exercise. Wrestlers use nearly all the muscles of the body, but they use more especially the muscles of the neck and back. A wrestler, therefore, has all the advantage of an extraordinary amount of exercise for these particular parts of the body that surround and protect the nerve centers represented by the spinal column. Their great physical strength in my opinion, is almost entirely due to the continual stimulation of the spinal column induced by the practice of their favorite exercise.

## ECZEMA IN RASH ON HAND Itched and Burned. Cuticura Healed.

"I had eczema on my left hand for some time. It broke out in a rash and the skin became red and sore. It itched and burned so that I could not put my hand in water, and I was not able to use it very much."

"A friend recommended Cuticura Soap and Ointment so I purchased some. In two days I could see a difference, and after using two cakes of Cuticura Soap and one box of Cuticura Ointment I was healed." (Signed) Mrs. Hattie Moore, Galena, Mo.

Use Cuticura for all skin troubles. Sample Free by Mail. Address: "Cuticura Laboratories," Dept. H, Malden 41, Mass. Sold everywhere. Soap 25c. Ointment 15c. and 50c. Tubes 50c. Try our new Shaving Stick.

## THE HALF-TIME WIFE By VIOLET DARE

WHO'S WHO IN THE STORY.

DUNCAN HALE, a young army officer, returns from the Philippines to find that

SUZANNE, with whom he is in love, has married

GEOFFREY ATWOOD, a prominent man much older than she.

Hale tries to persuade her to leave her husband, get a divorce and marry him, feeling sure that she still cares for him. Suzanne is troubled by this, and by the report that there is a love affair between

DICK LEIGH, Geoffrey's nephew and a chorus girl.

he making mistakes. I fall down on the job dreadfully."

"You shouldn't have married him in the first place," replied Hale promptly. "He's too old for you, but that wouldn't matter quite so much if he weren't so prominent and so successful. He wants you to live up to position that an older woman would find difficult, and you're such a youngster, Suzanne. He expects too much of you. He wants you to be an accomplished hostess and a diplomat and a mother to those two nephews of his, who are nearly as old as you are, and a housekeeper."

"No, not that," interrupted Suzanne, who had regained her poise once more, and already regretted telling him as much as she had.

"We have a good housekeeper and Geoff doesn't want me to interfere with her. Sometimes I wish he did."

"I'd like managing a house, and planning the meals and all that. Only not such a big house as ours—a little one, where I could rearrange the furniture and

XI—INDISCREET CONFIDENCES.

SUZANNE met Duncan Hale the next morning as she was walking uptown.

"Why so down hearted?" he asked. "You look as if your last friend had died?"

"That's just the way I feel," she answered. She was delighted

to see him; Geoffrey had seen to it that his bride met all his friends, but to Suzanne most of them still seemed very much like strangers, and there were none in whom she felt she could confide. To meet Duncan, the only person in town whom she had known before her marriage, was a delight.

"Things are going all wrong, and I'm worried," she continued as he walked along beside her. "Duncan, I wish you were a brother or cousin or something like that of mine, I need one."

"All right—I'll play the part," he answered readily. "But aren't you cold? Come in here with me and have luncheon, won't you? I know that it's early, but I haven't had breakfast and I'm starved."

Suzanne hesitated about confiding in him. It seemed not quite fair to Geoffrey. But as she seated herself at the table, Mrs. Haynes entered the restaurant. Suzanne bowed, but Mrs. Haynes' acknowledgement of the bow was so slight as to be almost non-existent.

"Oh, dear," sighed Suzanne. "I was afraid I'm made an enemy of that woman," and she went on to tell Duncan Hale of the party at the restaurant before, of how she had been chaperoning Dick's crowd, and Mrs. Haynes' had appeared in search of her son and been shocked at the fact that some of the boys and girls were drinking.

"She makes fun of me because I don't like that sort of thing, and then turns and criticizes me because her own children do it," complained Suzanne bitterly. "I don't see why she doesn't blame herself. I suppose she's told all over town about that party, and that I told her it was no worse than one of hers that I went to recently."

"Is that what you did tell her?" asked Hale, much amused.

"Well, sort of. It came to that, in the end. The Haynes are great friends of my husband's, and Mrs. Haynes will tell him all this when he returns, and he'll be angry at me and at Dick, too. I suppose. Duncan, I don't know what to do. I've tried so hard to be the sort of wife Geoff wanted me to, yet I seem always to

"Why don't you chuck the whole thing?" asked Hale.

make the curtains for some of the rooms myself, if I wanted to. I'm not a wife on a grand scale, Duncan. I wasn't meant for a man like Geoff."

"You were meant for a man like me, Suzanne," he murmured, bending forward and laying one hand on her arm. She shook it off and leaned back in her chair so that he was not so close to her, but he went on without noticing that movement.

"Oh, Suzanne, this is all wrong. Why don't you chuck the whole thing? You know that I love you; you can't ever doubt that. You're all the world to me. Atwood will let you go. I'm sure; he must see that you—"

"Whatever he sees, he's not going to see me fall down on the job I've undertaken," she answered sharply. "Duncan, you mustn't talk this way to me any more. This is my fault today; I shouldn't have come in here with you, shouldn't have talked as I have. But it won't happen again. Geoff has been awfully good to me; I care a lot about him, and I know that as time goes on I'll care more. Lots of marriages are just questions of adjustment, and that's all this is. I've got to learn to adjust myself to Geoff's way of doing things. Women who were no smarter than I am have done things that were much harder."

But later, as she walked home alone, she did not feel quite so sure of her own ability. She'd have to do such a lot of explaining when Geoffrey got back to town!

Tomorrow—Subtle Mrs. Vale.

## MAKES APPLICATION FOR INCORPORATION

Application has been made in Columbus for incorporation of The Carroll-Binder Company, local automobile, tire and accessory agency.

The company asks for incorporation papers in the sum of \$20,000 and names five stockholders. They are H. L. Binder, Mrs. Katherine Binder, Charles A. Carroll, Mrs. Emma Carroll and Walter Neville.

The company was organized as a firm about a year, and incorporated when an expansion program was adopted recently, with all the corporate stock paid up, it is said.

## ZIMMERMAN

Mr. and Mrs. Crawford Coy and son Kenneth Crawford and Mr. and Mrs. Homer Koogler spent Sunday week at Cedar Point.

Mr. and Mrs. Fred Smart and daughter Mrs. Robert Lafong are able to be up after a three months' illness with rheumatism.

Bernice Wright, of Dayton, spent part of the Easter vacation with her cousin Mildred Stewart.

Dr. Trehanne is confined to his bed with flu, and his very large number of patients are wishing for him a speedy recovery.

Miss Mary Stewart, third grade teacher in the public schools of Chicago, spent the Easter vacation with her parents, Mr. and Mrs. Jacob Stewart and her sister, Mrs. Oscar Scharrer in Dayton.

Mr. and Mrs. Arthur Stewart entertained at dinner Sunday the following guests, the former's sister, Mrs. Lambert Neff and Mr. Neff and son, Stephen; her half-sister, Mrs. Fred Sparrow and sons Lewis and Paul and the latter's daughter, Miss Irma Machter and brother Charles Machter, of Dayton and Mrs. Scott Sellers.

Mrs. William Stewart is very seriously ill of stomach and heart trouble. Dr. Coy is the attending physician, also a specialist from Dayton was called to see her.

Thelma Stewart is convalescing from an illness caused by stomach and liver trouble.

After an absence of six weeks from home, following an operation for cancer, Mrs. Harry Haverstick is expected to arrive at home by Sunday April 27 from West Milton.

Mrs. Ora Fleming is nursing a cancer patient at West Milton.

Homer Fleming and wife have been ill with tonsillitis.

The Faithful Workers S. S. Class held its regular Monthly meeting at the home of Mr. and Mrs. Homer Koogler Thursday evening. After the business meeting a jolly time was spent in a floral contest. The winners being Mrs. I. M. Coy and Mildred Stewart. The Refreshment Committee, Mrs. Andrus Belt and Miss Lizzie Haverstick served apple pie topped with ice-cream surmounted with a chocolate bonbon and coffee. The meeting of the Class will be held at the home of Mr. and Mrs. Lester Darding at Belmont, May 15.

Piano solos by Miss Irene Carpenter Mrs. Werick and Mrs. Koogler and radio music were an enjoyable part of the evening's entertainment.

## WOMAN SO ILL COULD NOT WORK

Tells How Lydia E. Pinkham's Vegetable Compound Stopped Her Suffering and Restored Her Health

Momence, Illinois.—"I surely can recommend your medicine to other women who have female weakness, as it has helped me very much in every way possible. I was working in a dining room in town, and sometimes I could not do my work; had pains in the lower part of my body and had to stay in bed. One of my neighbors told me what good Lydia E. Pinkham's Vegetable Compound did for her, and it has surely done wonders for me. I hope all women who suffer will take my advice as the Vegetable Compound has done so much to bring back my vigor and strength." Mrs. ALBERT E. DESCHAUD, Momence, Illinois.

Over 121,000 women have so far replied to our question, "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?" 98 per cent. of these replies answer "Yes."

That is 98 out of every 100 women who take this medicine for the ailments for which it is recommended are benefited by it. For sale by druggists everywhere.
